“ Brian, I am so grateful that we met and for every minute we were blessed with in our lives together.

I thank God for introducing us and giving us our shared lives together for these past two years. We created and enjoyed a lifetime of love, sweet and tender affection, holding hands, lifting up one another, wonderful conversations, special moments, and memories that I will always cherish and keep alive in my soul.

Thank you for introducing your/our family beyond you, me and John through all of our special conversations, so we know and love them through your love for them.

I love you beyond what words can express. You are and always will be in my heart and soul forever. Looking forward to your smiles and bear hugs in Heaven.
