“ It's still very hard to believe that you are gone... I know we weren't always the best of friends honey , however we shared something very special .. A beautiful little girl tristen skye rivet.. Her life cut short before it even began... And now you are gone to.... I wish this was all a bad dream but it's not I hope that you are now with our baby and have found peace.... You didn't deserve to leave us this way... I will remember only the good times and forget all the rest... You have always had a special place in my heart even if sometimes it didn't seem that way... You will be so missed by so many people.. I can't be there today to say good bye ... But we will see each other again one day... Until then hug our baby everyday for me and save my spot next to you both in heaven... Love always Barbara Hope

“ I can't believe you are gone - it's so surreal. It had been years since we had talked, but you were always on my mind. I have so many memories with you, and for that I am truly thankful. You have always and will always have a special place in my heart. You will forever be missed!
