“ I had sadly not seen Terry for years, but have fond memories of working with him at Helix. I will always remember his sense of humor, his contagious laughter, and his giant bear hugs. My condolences to the family at their loss.

“ So sorry to hear that Terry has passed. I am truly blessed to have known Terry as a friend and student worker in our Agricultural and Biological Engineering Department at Mississippi State. Terry's background in his family's farm equipment business, off shore drilling, machining and metal working coupled with his dry wit and love of life set him apart from all the other student workers before and since he was with us. Never a job too tough, always willing to tackle a challenge, always ready to help faculty, fellow students and friends and dedicated to his studies and family. It was always entertaining when Terry came to fish. So talented, so young and so much to give.

“ My husband and ran into Terry at the HEB during July 4th. He was planning a great dinner and dip in the pool with his kids. He told my husband and how much he loved being with his kids and life was great right now!

“ Dear Family,

I am very sorry and deeply saddened to hear about the loss of Terry.
We worked together in Aberdeen for a few years and I will always remember him as a truly gentle giant who never failed to be great company. I will surely never forget his humour, intelligence and, especially, his fantastic and very contagious laugh.

My thoughts are with you at this time.

Most sincere condolences,
