“ You are very missed. Sometimes at the weirdest moments like a tilt of my daughter's chin or an arch of her eyebrow I will think of you and miss you. There are times when I just want to tell you something that popped into my head or laugh with you over a memory...lol...like that time when you were little and Daddy called you a little Imp and you asked us what it meant and neither Rochelle or I knew so we just told you it meant you were short. You went to Daddy crying and we got in trouble and knowing Daddy he probably gave you a treat to get you to quit crying before he tore into us, but it always makes me laugh to think of it, because back then you were so worried about being short and you ended up taller than both of us. I love you Ruby and you are always in our hearts.

“ RIP Ruby, you left so many memories, now you are making new memories to share with your family and friends when you all reunited. You left a trail of love, compassion and giving of your self to help others.
You will always be with your family, thru the rushing on the leaves, they will feel your love through the raindrops falling on their face, when they see a red bird they will know you are watching over them.
You and Mark were like two babies, running and playing and loving and making a beautiful family together. You and Mark made beautiful memories together.
Rest In Peace, beautiful Ruby, lighting up the sky with your beauty.
I love you, Aunt Linda

“ My beautiful sister. There are so many memories to pick just one. My heart is broken and my thoughts in chaos. I miss you so much. I can't think of this world without you in it. So many memories crowd around in my head...lol...some I simply won't tell in public...you would get me back for repeating those...but your laugh and the love that was always there in your eyes and heart those are remembered most. You would light up whenever you spoke of Mark, or your kids and grandbabies. I love you so much.
